How to Win

- Be the first team to make all six cups
- If there are two cups left, and Team A makes both cups, GAME OVER!
- If there is one cup left, and both players from Team A make the final cup, GAME OVER!
- If the game is still in progress after 10 minutes, team who made the most cups wins
- If game is tied, one person from each team will shoot one after another. The team that makes the first cup wins. You decide who goes first with Rock/Paper/Scissors.

Rebuttal

- Make It, Take It – When one cup remains, Team A makes the final cup with both balls, GAME OVER! If Team A only makes the final cup with one ball, then Team B gets Make It, Take It Rebuttal. Each player from Team B will shoot until they miss. Once they miss, their turn is over and if they miss both shots the game is over and Team A wins.
- If Team B ties the game, one player from each team will shoot one after another. (Note: Team B cannot win the game by making the final cup twice). First one to make the final cup wins.
